

**\$281.00** incl 2-day raft trip,  
overnight camping on Fantasy  
Island, all meals from lunch  
Monday thru lunch Tuesday

This spectacular adventure covers 80 km on the Thompson River from Ashcroft to Lytton. From Ashcroft to our private camp on "Fantasy Island", the Thompson boasts awe-inspiring scenery including the grandeur of Black Canyon's sheer lava walls. The upper stretches provide playful rapids for those who wish to try one of the inflatable kayaks; always a highlight of the trip. We spend the night on Fantasy Island, a unique 5 acre island in the middle of the river. Here there is time to relax and set up camp while your guides prepare a fabulous gourmet barbecue. Following dinner, spend an entertaining evening around the campfire under the starlit sky. The next morning, we float through the small town of Spences Bridge, home to herds of Big Horn sheep. Before lunch, the rafts are unloaded and your gear is transported back to our Lytton base, making the rafts light & maneuverable to challenge the river's largest rapids. We run all the famous rapids, including the Frog, Devil's Kitchen, and the 18th Hole, finally arriving in Lytton. This trip will awaken all of your senses - fantastic scenery, roaring waves, and scrumptious meals, all combined with British Columbia's great outdoors!
